

**NYC OFFICE OF THE MAYOR  
Mayor's Office of Criminal Justice | MOCJ**

**Position Title:** Research Analyst  
**Job ID Number:** 24969  
**Location:** New York, New York

**Organizational Profile:**

The Mayor's Office of Criminal Justice (MOCJ) advises the Mayor of the City of New York on criminal justice policy. MOCJ develops and implements strategies to reduce crime and incarceration and to promote fairness and legitimacy. MOCJ works with law enforcement, city agencies, non-profits, foundations and others to implement data-driven strategies that address current crime conditions, prevent offending, and build the strong neighborhoods that ensure enduring safety.

**Job description:**

The office is seeking a Research Analyst who is intellectually curious, technically savvy, driven, a problem solver and team-oriented. The analysts will provide actionable research and operational support on a variety of data-driven analytical projects. Responsibilities will include analyzing data from large datasets, conducting literature reviews, and communicating research and policy results for multiple audiences in partnership with other members of the research team. The Research Analyst's responsibilities include, but are not limited to:

- Provide actionable research and data analysis as well as operational support and assistance in the design, and implementation of criminal justice data strategies;
- Write and edit a wide array of print and online communications, including technical reports and PowerPoint presentations;
- Participate in the design of data collection protocols and data management and analysis; and,
- Design and implement data dashboard for ongoing criminal justice system analysis and performance measurement.

**Requirements:**

The successful candidate must have a broad range of skills, but above all, they must be curious, flexible thinkers who love learning new things and tackling challenges on a daily basis. In addition, the preferred candidate should possess the following:

- A Bachelor's degree in a social science discipline or relevant discipline required;
- A demonstrated interest in criminal justice;
- Proven ability in quantitative and qualitative research methods;
- Experience with data management and analysis using statistical software (SAS, STATA, SPSS, R, Tableau);
- Working knowledge of Microsoft Office and spreadsheets;
- Ability to balance competing priorities, complex situations and tight deadlines; ability to think outside of the box and develop novel strategies for analysis; ability to work independently in a fast-paced environment; ability work comfortably with a wide variety of people at different levels within the organization;
- Excellent written and verbal communication skills, with the ability to present data and research projects; and,
- Prior experience with administrative datasets and surveys preferred.

**To Apply:**

Please send a copy of your resume, a cover letter, a writings sample no more than 10 pages, and three references to [Candidate Application](#)

**New York City Residency Is Required Within 90 Days of Appointment.**
